GOVERNANCE

Good governance includes risk management and compliance to regulations and legislation as well as proper supplier relationship management and policies to counter corruption and bribery.

Compliance

Compliance for continuity

Compliance is important to any organisation and at Q-Park we take all aspects of compliance seriously.

- I Our compliance programme covers the most relevant compliance areas for Q-Park. It helps us structure our approach to compliance and is therefore designed to minimise risks to the continuity of our business.
- I Our compliance programme ensures that actions taken as part of the risk control cycle are performed based on a clearly defined plan with clear roles and responsibilities.

Compliance focus areas

Our priority compliance focus areas are:

- I Information security, including PCI DSS
- I Ethics and Integrity
- I Employment and pensions policy
- I Tax, per country and at corporate level
- I GDPR
- I Risk Control framework

Information security

Information security receives special attention

As part of our compliance programme we have established a multi-year Cybersecurity Training and Awareness Programme for employees.

During 2023 we have had one personal data breach as we disclosed e-mail addresses by mistake when informing a select group of season ticket holders about the accessibility of a specific parking facility.

Ethics and integrity

We have the Q-Park Integrity Policy and Trade Sanctions Policy in place. A training and awareness programme is scheduled every two years to raise awareness of the importance of this compliance area and to make improvement actions sustainable.
